THIS IS UNEVALUATED INFORMATION

- 25X1 1. Reportedly, the SKOPLJE, ZAGREB, and TITOGRAĐ can develop a greater speed than the official 16 nautical miles per hour with which they are credited. They have been so constructed that they can be reinforced with armor plating and can be armed with guns, so that they can be utilized as light cruisers.
2. A series of three 2,000-ton vessels are under construction and will be used for local and Mediterranean traffic. These ships have also been designed so that they can be equipped with guns and armor.
3. Plans have been drawn up, and most of the materiel procured, for the construction of a series of six ships of the BRINDISI, BARI, and BRIONI type.

25X1

The vessels are to be constructed for the Jadranska Linijska Plovidba (Adriatic Navigation Line). It is expected that these ships will be able to attain a speed of 30 nautical miles, and their tonnage will stand at approximately 1,600 tons. These vessels will also be available for use as auxiliary cruisers and can be equipped with armor and guns.
